

- Relationship-Driven
- Transparent Pricing
- Experienced Lawyers

Ian is the Founder and Principal Lawyer at Progressive Legal with over 20 years' legal experience both in Australia and the UK.

He founded Progressive Legal in 2014 after noticing a large gap in the market for quality and affordable legal services to Australian SMEs.

He has a very strong background in Dispute Resolution which gives him a unique advantage over competitors as he has a keen eye for risk management for his clients in their documents and legal structure.

The firm prides itself on a new way of conducting legal services, a client-centric approach with a focus on cost, communication and care, providing honest and straight-talking advice.

Ian is also a proud member of the Law Society of NSW and Institute of Patent and Trade Mark Attorneys of Australia.

Dispute Resolution and Litigation Expertise:

- Complex and large scale litigation matters in Australia and UK across a range of different civil dispute areas;
